

Academic Center News

November 2017

November Events

Nov. 15: Students who completed 90% of their lesson goal for the first marking period earned quesadillas. Those students were: Christina, Daisy, Andrew, Lexiee, Coral, Autumn, Cheyanna, Colin, Michelle

Completed Classes

Coral (MACS): Sociology, Environmental Science

Kerri (PACS): Forensics

Andrew (SCCS): Algebra 1A, Global 9, Global 10

Daisy (MACS): Consumer Math, Global 10

Brittany (MACS): English 11

The AC Hits 30!

Early December marked a HUGE milestone for the Academic Center. We currently have 30 students enrolled in our program. That is the most students that we have ever had at the AC. Michele and I see our high enrollment as a testament to the ability of this program to fulfill students' needs and help them graduate. All four districts are sending the majority (or all) of their students for a half day, so that they can get more students here to benefit from our unique set-up. Things are getting a little crazy, but our location and small environment are allowing us to keep providing the students with the untraditional school day that many of them need to succeed. We have a great group of kids here, and we are looking forward to watching many of them graduate in June!

Graduate #2!

Congratulations to Faith from Mexico who graduated!

New Students

The AC staff would like to welcome the following students to our program:

Kaleb (SCCS)

Kayla (MACS)

Kierra (APW)
