**\*\*Note:** Beginning in Algebra 1, students will be using a TI-84, TI-84+ or TI-84+ CE Graphing Calculator. We have enough for students to use in class, however they will not be able to use them outside of class. You are not required to purchase this calculator but it would be very beneficial throughout the study of high school mathematics. If you have any questions contact Sandra McCullough, Mathematics-Science-Technology Department Chair (298-5103 EXT 4127)
