

April 9, 2020

Dear ConnexCare Families:

ConnexCare is reaching out to you during this time of uncertainty to let you know that we are still here to meet your health care needs. Despite school closures, our school based health center medical providers are available for scheduling appointments via telehealth or at a neighboring ConnexCare practice location. Telehealth visits have proven popular as it conveniently allows you to stay connected with your provider from the safety of your own home. ConnexCare is also offering in person visits by appointment only across ConnexCare practice locations in Pulaski, Parish, Fulton, Oswego, Mexico and Phoenix. Many precautions, such as segregating sick and well visits, have been put into place to provide care safely by minimizing the spread of illness.

Please telephone the practice location closest to you at the numbers listed below or visit our website at connexcare.org to request a telehealth appointment for your child or other family members. Our team will connect you with a provider or other resources, as appropriate. ConnexCare recognizes the challenges your family and the community are facing during this pandemic and we are committed to providing continued high quality and accessible care.

Sincerely,

Tricia Peter-Clark

Executive Vice President/Chief Operating Officer
