

## Ian Douglass

This Pulaski Academy and Central School alum is on the frontlines as much as anyone can be during this unprecedented time.

Ian Douglass, a 2013 PACS graduate, is a volunteer fireman for the Pulaski Fire Department, an EMT for NOCA and a service technician with Evergreen.

When Douglass isn't helping the community as a first responder, his role with Evergreen is to travel to different hospitals and maintain their air quality systems.

"My good pal Ronald Regan once said, 'All great change in America begins at the dinner table,' said Douglass. "With that in mind, stay home and enjoy dinner as a family. Stop the spread."
