

Kayla Farmer

This Pulaski Academy and Central School alumna is the definition of an essential worker. Kayla Farmer, a 2006 PACS graduate, is working as a registered nurse at Upstate Golisano Children's Hospital, working with patients in the general pediatric unit.

"Day-to-day, I see reasons to give our all in the fight against COVID-19," said Farmer. "We are all doing our best to supplement, but we want to do more. My patients and my family motivate me to do my part."
