Dear Parents/Guardians:

As you may be aware, Oswego County has declared a local State of Emergency ahead of Monday's total solar eclipse. The County will also be issuing an emergency order to close all County buildings for the day. Based on this recent update, Pulaski Schools will be closed on Monday, April 8th.

Additionally, the District has one unused emergency day for the 2023-24 school year that will become a vacation day for students. There will also be no school on Friday, May 24th.

Please do not hesitate to contact my office or your child's school with questions.

Sincerely,

Tom Jennings, Superintendent
