

PULASKI ACADEMY & CENTRAL SCHOOLS

TOM JENNINGS • SUPERINTENDENT

May 13, 2021

Dear Parents/Guardians:

ConnexCare, in partnership with the Oswego County Health Department, will be holding a vaccine clinic to administer the Pfizer vaccine for PACS students aged 12 and over. The clinic will be held at Pulaski Middle High School in the Middle School Gym on Wednesday, May 19th from 12:30-2:30 pm and 4:00-6:00 pm.

To register your child for this vaccination clinic, please follow the link [here](#).

You will be asked to select a time slot when registering, however, ConnexCare staff will be flexible with time slots as long as students are registered.

In addition to the New York State registration link, parents/guardians must complete a second form linked [here](#) which allows ConnexCare to administer the vaccine.

If you would like to take advantage of this opportunity, please complete the registration process by Monday May 17th.

Sincerely,

Tom Jennings, Superintendent
